

GET THE DIRT ON YOUR SOIL

Healthy lawns and gardens start with healthy soil.

Join this webinar series to learn more about your soil and how to keep it healthy.

In response to the COVID-19 pandemic, this program is being offered as a webinar via Webex.

“Don’t Treat Your Soil Like Dirt!”

September 9, 2020 - 7:00pm – 8:00pm

Speaker: Becky Laboy, Education & Outreach Specialist for Ocean County Soil Conservation District

An attractive and productive yard and garden starts with getting to know your soil. This program will teach you the basics about soil, so you can start building a healthy foundation for your garden. Don't treat your soil like dirt!

“Digging Deeper: What’s Your Soil Telling You?”

September 24, 2020 - 7:00pm – 8:00pm

Speaker: Dr. Stephanie Murphy, Director of the Rutgers Soil Testing Laboratory

Get the scoop on your soil by taking a soil test! Come find out the importance of testing your soil, how to conduct a soil test, and how to interpret the results to keep your lawn and garden healthy and happy.

To register, visit <https://go.rutgers.edu/gvjywpln>

“Root Out Soil Compaction”

October 8, 2020 - 7:00pm – 8:00pm

Speaker: Dr. Steven Yergeau, County Agent with Rutgers Cooperative Extension of Ocean & Atlantic Counties

Soil compaction is a major problem impacting your yard and garden. Come learn about what causes compaction, how it affects soil health, and how to correct soil compaction in the home landscape.
