Juvenile Habitats and Spawning Sites of Striped Bass in New Jersey

Featured Speaker:
Dr. Olaf Jensen
Associate Professor
Department of Marine and Coastal Sciences
Rutgers, the State University of New Jersey

Come learn about the biology of striped bass in New Jersey. The focus will be on research that used otoliths (inner ear bones) to understand juvenile habitats and adult spawning sites.

Monday, December 9, 2019
7:00 - 8:30 PM

Free “HyFlex” seminar offering – attend live in Toms River, NJ or remotely via webinar
