

# Jellyfish Dynamics in a Changing (Local) World

## Featured Speaker:

### Dr. Paul Bologna

Professor of Biology

Director, Marine Biology and Coastal Sciences Program

Montclair State University

[https://www.montclair.edu/profilepages/view\\_profile.php?username=bolognap](https://www.montclair.edu/profilepages/view_profile.php?username=bolognap)

Please join us to learn more about the global stressors which affect jellies (temperature, dissolved oxygen, manmade structures). This presentation will also dive into local issues and changes observed in New Jersey's estuaries that are impacting species such as bay nettles and clinging jellies.

**Monday, May 23, 2022**

**6:30 – 8:00 PM**

**Free Zoom webinar open to all  
who are interested!**

**Please register at the following link  
by May 20:**
