

Winter Sowing Series

IN-PERSON WORKSHOPS

Tuesday, February 17, 2026 ~ 7:00pm - 8:00pm

Use winter as a time to renew, recharge, and recycle. The growing season may seem far off, but now is the time to plan next year's garden. Learn about an innovative new approach to growing seeds and a way to reuse some of your recyclable containers. A container, soil, and seeds are provided.

Tuesday, May 19, 2026 ~ 6:30pm - 8:00pm

As a follow-up to our February winter sowing class, this session shows you how to pot up your winter-grown seedlings and gives you the chance to swap plants with fellow gardeners. Pots and soil are provided.

Speaker: Ellen Silverman, Rutgers Master Gardener

These workshops will be held at:
Rutgers Cooperative Extension of
Ocean County
1623 Whitesville Road
Toms River, NJ 08755
